

FE 30 MAGNETIC DRILLING MACHINE

Lightweight magnetic drilling machine

Most wanted magnetic drilling machine, light as a feather! The FE 30 is standard equipped with a strong magnet, newest electronics, auto coolant system and of course powered by a highly reliable 1050 watt motor supplied by Eibenstock. Weight only 9,9 KG.

| | |
|------------------------------------|------------------------|
| Motor power: | 1050 Watt |
| Spindle: | 19 mm (3/4") Weldon |
| Hole cutter/annular cutter short: | Ø12 – 30 mm (1-3/16") |
| Hole cutter / annular cutter long: | Ø 12 – 30 mm (1-3/16") |
| RPM: | 460 min-1 |
| Stroke: | 70 mm (3.15") |
| Weight: | 9.9 kgs (21.83 Lbs) |
| Magnet power: | 1500 kg |
| Continuous internal cooling system | |

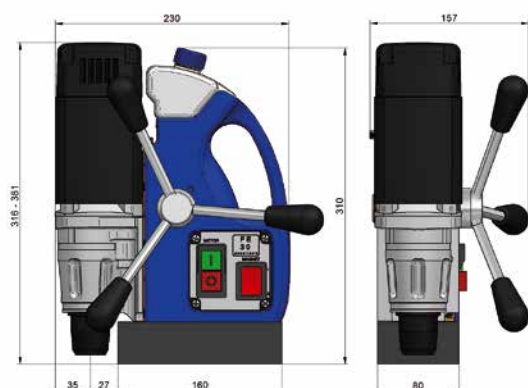

Comes with standard cooling system

max. Ø
30 mm

230 V
110 V

MEASUREMENTS

STANDARD DELIVERY OF MAGNETIC DRILLING MACHINE FE 30 CONTAINS:

- 1 pilot pin FEPP 75(Ø 6.35×79 mm)
- 1 Allen key 4
- 1 PP carrying case
- 1 safety chain
- 1 user manual
